Feature Films by Director

Here you will find a selection of some of the greatest, most influential and most famous directors in world cinema and a ranking of their feature films from best to worst. This list, which is a work in progress, is not a definitive study and contains just a fraction of the films found on my larger lists. Further, a director's exclusion from this list does not necessarily connote a lack of greatness. In some instances, exclusion simply means I have not yet rated enough of his or her films to represent a proper critique.
