Feature Films by Director

Here you will find a selection of some of the greatest, most influential, most famous and most infamous directors in world cinema and a ranking of their feature films from best to worst. This list, which is a work in progress, is not a definitive study and contains just a fraction of the films found on my larger lists. Further, a director's inclusion or exclusion from this list does not necessarily connote greatness. In some instances, exclusion simply means I have not yet ranked enough of their films to warrant a place on the list. In addition, a couple of directors make the list not by virtue of their greatness but by their incompetence (yet pop-culture status).
